

**ITEC - Itinerario de Espiritualidad Calasanzia**  
**ITEC - Itinerary of Calasanzian Spirituality**

**ITEC was founded in Miami in the fall of 2013. ITEC is an association of lay men and lay women, who together with the Piarist Fathers, embark on a journey of personal development and spiritual growth in the service and love of God. The members are inspired by the spirituality and life of St. Joseph Calasanz.**

**ITEC is currently made up of four communities. They meet every other week on alternate Thursdays. They take a break during the summer and Christmas holidays. ITEC communities follow a year-long program of formation and enrichment, which changes every year. The specific program is planned and executed by a facilitating committee, which includes the co-facilitators, who are the leaders of the communities.**

**The program includes prayer opportunities, reflection on the Scriptures, discussion on the life of St. Joseph Calasanz and personal sharing.**

**The communities are made up by lay men and women, who want to know more about and share in the mission and work of the Piarist Fathers. During the past few years, the members have been joined by several Piarist priests: Father Emilio Sotomayor, Father Jesus Maria Lecea, Father Jose Alberto Moreno and Father Mario Vizcaino. These priests have offered their wisdom and experience to the communities. The communities are currently assisted by Father Mario Vizcaino, who shares his wisdom and experience. He is a major asset to the organization.**

**ITEC is officially an adult segment of the Calasanz Movement. This movement, which mainly targets youth, exists in Piarist Schools throughout the world. The Piarists are now trying to implement this movement in our Province**

of the United States and Puerto Rico. The members of ITEC are currently developing plans for several outreach projects, which will be based upon the intuitions and social initiatives of St. Joseph Calasanz.
